

APPENDIX 2

ENABLING PAYMENTS BY CREDIT OR DEBIT CARD AND EPAYMENTS WITH FINNISH BANKS IN THE MERCHANT'S ONLINE BUSINESS

This Appendix complements the General Payment Processing Service Terms and Conditions for Merchants between Paytrail Plc and Merchant. The Merchant agrees to adhere to terms and conditions of Appendix 2 as well as the original terms and conditions.

By agreeing to Appendix 2, the Merchant is given the ability to bypass Paytrail's payment method selection page and offer ePayments with Finnish banks and credit or debit card payments directly on the Merchant's online business. The Merchant must also state to the Consumer on their website(s) and in any other commercial material specific information that is normally found on Paytrail's payment method selection page. This information is provided to the Merchant by Paytrail separate to this Appendix.

The Merchant's website or other material must not contain any information that would be contradictory to this clause. The Merchant is liable to Paytrail for compensation of damages for the default in fulfillment of this agreement.
